

# Microsoft PowerPoint 2016, Part 1 of 5: Get Acquainted

page 1

**Meet the expert:** Leeanne McManus is a nationally renowned trainer, facilitator, and productivity expert who has conducted thousands of sessions over the past decade. While widely recognized for helping end-users, departments, and organizations learn how to maximize their software products, most notably Office 365 and Adobe, Leeanne also facilitates sessions to enhance productivity and performance through soft skills development. Her professional background includes Human Resources, Operations, and Talent and Development.

**Prerequisites:** This course assumes that students are familiar with the basic use of Windows and common use of the mouse and keyboard. No prior experience with Word is assumed.

**Runtime:** 01:55:38

**Course description:** Productivity expert Leeanne McManus demonstrates the best way to get started in PowerPoint by exploring all the different areas of the PowerPoint interface and how they can be best utilized. She will show you the best ways to modify and use interface features, including templates, and how to give your presentation the best look for your use.
